BAR & GRILLE

1990-2024

Welcome to Ron's Original Bar & Grille  
We are celebrating our 35th Anniversary in Lionville!

## Cleaner Food Healthier You

- We only use Omega 3 cultured oil, pure expeller pressed avocado oil or Award Winning EVOO (no seed oil) for our dinners, dressings, sauces, etc. as we transition to be a seed oil free restaurant.
- We use imported Italian flour for its quality and lower gluten content as it is made from ancient grains rather than US hybridized wheat.
- We serve fresh natural local chicken and beef that is antibiotic free with no added hormones.
- We choose deli meats without nitrates and preservatives when available.
- We use locally farmed organic eggs year round and use local organic produce when possible.
- We make all of our sauces, salad dressings, soups and most appetizers in house in the interest of removing preservatives, MSG, trans fats, high fructose com syrup and artificial ingredients from all of our products.
- Our Modena dressing is made with the finest balsamic vinegar, imported from Modena, Italy, and award winning cold pressed EVOO.
- We read every label & know what's in our food.
- Our cheesesteaks are 100% Beef or Chicken - NO MARINADES! (Marinades often contain MSG)
- All of our desserts are house made without artificial Ingredients, trans fats or colors.

## Please Don't Compare...

Ron's to other restaurants when it comes to quality offerings. We are not the same as pizza shops, chain restaurants or trendy gastropubs. In every instance, we exceed all of them in the quality of ingredients we use, with an emphasis on your health. Don't be fooled by fancy descriptions or "farm to table" monikers.

**OUR FOOD IS REAL!**
